33. (Unclassified - SF) LIAISON Per Mr. [redacted] STAT
Office of Legislative Counsel, request, sent by courier to Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, five charts on the Organization of Intelligence Community Under New Executive Order (1386-78) and four charts on the Organization of Intelligence Community Under New Executive Order (1385-78). These charts were promised to Mr. Latimer by [redacted] Executive Assistant/DCI, per a telephone conversation.

34. (Unclassified - SF) LIAISON Sent by courier to Loch Johnson, House Permanent Select Committee on Intelligence staff, four approval-flow charts.

✓ 35. (Unclassified - RJW) LEGISLATION Called Bob Carlstrom, OMB, with regard to H.R. 10400, the FBI charter legislation. I indicated that our position on section 3 of the bill is clear, that any provision addressing the issue of personal liability of employees for constitutional torts should track S. 2117, the Administration's bill to amend the Federal Tort Claims Act. With regard to the issue of a criminal standard for all FBI investigations and the issue of H.R. 10400's overlapping with Title V of S. 2525, the intelligence charter legislation, I indicated that we would be attending the hearing on H.R. 10400 at which Attorney General Griffin Bell would testify to determine the Department of Justice's views on issues. I indicated that I would be talking to Dave Barrett, at the Department of Justice, about the bill. Mr. Carlstrom said he had an advance copy of Attorney General Bell's testimony which he would make available to our office.

✓ 36. (Unclassified - RJW) LEGISLATION Spoke with Dave Barrett, at the Department of Justice, regarding H.R. 10400, the FBI charter legislation. He indicated that Attorney General Griffin Bell's testimony before the House Judiciary Subcommittee on Civil and Constitutional Rights would be open-ended, viz., Attorney General Bell would not take a final position on the bill. If pressed Mr. Barrett said that Attorney General Bell would say he does not like the bill as written. With regard to the bill's overlapping with S. 2525, Mr. Barrett indicated that Justice is working on a two-track mentality, viz. S. 2525 addresses the FBI's intelligence activities and H.R. 10400 addresses the Bureau's day-to-day operations other than foreign intelligence and counterintelligence. He said frankly that he does not take the bill seriously. He informed me that Senator Edward Kennedy (D., Mass.) is pressing for full Judiciary Committee hearings on the issue of an FBI charter (not specifically H.R. 10400) at the end of April as a means of airing the problems associated therewith.
